# INTRODUCTION

---

HILL DIRECTORY CO., INC., publishers of the Durham City Directory, present to subscribers and the general public this, the 1933 edition.

Confidence in the growth of Durham's industry, population and wealth, and in the advancement of its civic and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Durham to the world.

The enviable position occupied by HILL'S directories in the estimation of the public has been established by rendering the best in directory service. With an unrivaled organization, and having the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Durham Directory will fulfill its mission as a source of authentic information pertaining to the city.

## FOUR MAJOR DEPARTMENTS

The several essential departments are arranged in the following order:

**The Buyers' Guide**, pages 25 to 46, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Durham. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best, and, as such, merits a survey by all buyers eager to familiarize themselves with sources of supply. The city's activities, in many interesting phases, are authentically pictured. In an ambitious and progressive community like Durham, the necessity of having this kind of information immediately available, is very great, and frequently, pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

**The Alphabetical List of Names** of residents, business firms and corporations is included in pages 47 to 478. A feature of this section is the inclusion of the wife's name in parentheses following that of the husband.

**The Directory of Householders, including Street and Avenue Guide**, covers pages 479 to 598. In this section the named streets and avenues are arranged in alphabetical order, followed by the numbered streets in numerical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers.

INTRODUCTION

---

**The Classified Business Directory** is included in pages 599 to 646. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The Directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

### MUNICIPAL PUBLICITY

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site, and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Durham, for business men, everywhere, realize that the city directory represents a community as it really is.

### THE DURHAM DIRECTORY LIBRARY

Through the courtesy of the publishers of the Durham City Directory a Directory Library is maintained in the offices of the Durham Chamber of Commerce for free reference by the general public. This is one of more than 425 Directory Libraries installed in the chief cities of the United States and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

## STATISTICAL REVIEW

- Name of city—Durham, North Carolina.  
Slogan or sub-phrase—"Durham, a Center of Industry and Education."  
Form of government—Council-Manager.  
How incorporated—City.  
Population—1930 U. S. Census report, 52,037; local estimate at present, 56,000.  
White population of age—Males, 14,137; females, 15,856. Total colored population, 18,717. Total number of males in city, 24,629; females, 27,408. American-born population is 99.3% of the whole.  
Area—12.8 square miles.  
Altitude—406 feet above sea level.  
Climate—Mean annual temperature, 59.6 degrees F; average annual rainfall (or precipitation), 47.19 inches.  
Parks—Number, 5, with total acreage of 97, valued at \$115,000.  
Assessed valuation—\$63,000,000, with \$1.64 per \$100 tax rate.  
Bonded debt—\$9,329,956.51.  
Financial institutions—6 banks, with total deposits of \$16,003,758.22 on June 30, 1933; total resources of \$19,518,549.51 on June 30, 1933. 4 building and loan associations, with total assets of \$1,956,611.07 on June 30, 1933.  
Postal receipts—\$245,041.88 for year ending December 31, 1932.  
Telephones in service—5,100.  
Churches—Number, 77, representing 10 denominations.  
Building and construction—Number of building permits issued, 151, valued at \$385,985.00, with 116 new dwelling units constructed in 1932; 85 permits issued first six months of 1933, valued at \$533,315.00.  
Real estate—Number of transfers, 1,274 in 1932. Number of homes (each apartment considered a home), 10,459, with about 40% owned by occupants.  
Industry—Chief industries of the city and surrounding territory—Manufacturing. Number of manufacturing establishments, 77, employing 7,105 men and 5,433 women, paying wages of \$12,000,000 annually, and having products valued at \$166,098,702 annually as per report covering the year 1932. Principal manufactured products, cigarettes, smoking tobacco, hosiery, sheets and pillow cases, gingham, flour and proprietary medicines.  
Trade area—Retail area has radius of 25 miles and population of 148,000 (based on 1930 U. S. Census figures). Wholesale area has radius of 50 miles and population of 508,000 (based on 1930 U. S. Census figures).  
Newspapers—Daily, 2; daily and Sunday, 1; weekly, 3.  
Hotels—Number, 9, with total of 800 rooms. Newest hotel opened in 1925.  
Railroads—City served by 5 railroads, as follows: Southern Railway, Seaboard Air Line, Norfolk and Western, Durham and Southern, and Norfolk Southern.  
Highways—The following highways run through or to the city: Federal No. 70 (State No. 10); Federal No. 15 (State No. 75); Federal No. 501 (State No. 55); and State No. 91.  
Airports—Number, 1.  
Amusements—Largest auditorium in city seats 1,750 persons; 6 moving picture theatres, with total seating capacity of 3,286 persons. Number of golf courses in or near the city, 2.  
Hospitals—Number, 4, with total of 799 beds.  
Education—Names of chief institutions of higher learning: Duke University, Southern Conservatory of Music, Durham College of Commerce, Croft Secretarial School, Carolina Commercial College, and North Carolina College for Negroes. Number of public schools, 20, including 3 senior high schools and 1 junior high school. Number of parochial schools, 1. Number of pupils in public schools, 11,612; in parochial schools, 85. Number of teachers in public schools, 334; in parochial schools, 4. Value of public school property, \$3,230,000; parochial school property, \$30,000; college property, \$20,670,000.  
Public libraries—Number, including branches, 5, with total of 361,698 volumes. Duke libraries have over 300,000 volumes.  
City statistics—Total street mileage, 205, with 75 miles paved. Miles of gas mains, 63; of sewers (storm and sanitary), 301. Number of water meters, 9,600; light meters,

## INTRODUCTION

8,981; gas meters, 2,775. Capacity of water works (municipal), 9,000,000 gallons, with daily average pump of 4,500,000 gallons, 169.7 miles of mains, and plant valued at \$4,800,000. Fire department has 47 paid men, with 2 autos, 5 engines, 1 aerial ladder truck and 2 hook and ladder trucks, in 4 station houses. Value of fire department real estate and equipment, \$287,300. Police department has 52 men, with 1 station and 10 pieces of motor equipment. Value of police department real estate and equipment, \$15,581.61.

## HISTORY

In April, 1865, at a log cabin known as the Bennett Place, near Durham's Station, there occurred one of the most historic events in the history of our nation. Lee had surrendered at Appomattox, and the future looked dark indeed for the Southern States. Jefferson Davis and his cabinet had escaped to Greensboro, North Carolina, and there had held fiery debate as to the advisability of continuing the Civil War. Some members of the cabinet favored continuing hostilities at any cost, even though it meant carrying on a guerrilla warfare, while others took the position that the cause

BENNETT MEMORIAL

of the Confederacy was forever lost and that no good could be accomplished by further bloodshed. Finally it was decided to instruct General Joseph E. Johnston, commander of the Confederate Armies of the Carolinas, Georgia and Florida, to negotiate terms of peace with General William Tecumseh Sherman, commander of the Federal Army which had broken the backbone of the Confederacy by reason of its famous march to the sea. These two generals met at the Bennett Place and signed a tentative peace agreement. This agreement was so favorable to the South that General Grant refused to approve it, but after several days' conference, it was amended to meet General Grant's demands and was signed and approved by the governments of the North and South, and the War Between the States came to a close.

Marking the place of surrender, just four miles from Durham, there has been erected, through the generosity of Mrs. S. T. Morgan, a beautiful monument consisting of two columns, one representing the North and the other the South, joined together by a cross-piece on which is the word Unity. This historic spot is visited each year by thousands of people as the birthplace of a reunited nation.

The death of the Confederacy gave birth to the city of Durham, and out of the ashes of the hopes of the Southern people has been built a great and beautiful city. In 1865 Durham Station was a small and insignificant point on the North Carolina Railroad, inhabited by less than 100 people. There was one lone business enterprise here, a crude and unimportant tobacco factory with total assets of less than \$2,000, including not only products on hand, but representing also the entire investment and

## INTRODUCTION

VIEW OF CITY HALL

replacement. History and tradition unite in saying that this factory was broken into by Sherman's soldiers and a large part of the stock carried away. Tradition further says that the product carried away was so well made and of such quality that when the soldiers returned to the pursuit of civil life, letters came back to Durham to ascertain if there was more of the product upon the market. To supply this demand, a broken business was rebuilt.

In 1865 Washington Duke, a Confederate soldier, walked from New Bern to his home in Durham, and with the same stout heart which had carried him through the vicissitudes of a lost cause, turned his attention to the battle for bread, which was doubtless as cruel and bitter as the war from which he had returned. He built the second factory in Durham, composed of a log cabin 20x30 feet, and with his own hands manufactured a product out of a small supply of tobacco which the Federal soldiers had not found. This he called *Pro Bono Publico*. The output of this factory was originally four or five hundred pounds, and in 1872 had grown to 125,000 pounds.

In the meantime, W. T. Blackwell had moved to Durham to engage in the tobacco business. He was to the early development of the tobacco industry in Durham what Napoleon was to France, or Caesar to Rome. The Durham Bull got upon the map and in a few brief years his sonorous voice, like the shot at Lexington, was heard around the world. In 1872 the two small tobacco factories had grown into twelve.

James Buchanan Duke, becoming convinced that it was neither practicable nor profitable to compete with Bull Durham smoking tobacco, turned the vision of his great genius into the cigarette field, and from that day to the present hour the increasing volume of the tobacco industry has become the common property of mankind.

In 1869, on April 10, almost exactly four years after Johnston surrendered to Sherman, Durham was born. There were less than 258 inhabitants in the village, and the total municipal revenue was the sum of \$357.44. The largest taxpayer paid a sum of \$40.62 in taxes. In 1870 there were probably less than 100 wage-earners in industrial pursuits in the town.

The tobacco industry grew at a very rapid rate, using large quantities of bright-leaf tobacco. While much of this type of tobacco was grown around Durham, it was

## INTRODUCTION

AIRPLANE VIEW SHOWING EAST CAMPUS, DUKE UNIVERSITY, AND  
PART OF CITY OF DURHAM

sold at tobacco markets in Richmond and other Virginia cities, and local manufacturers had to pay the cost of transporting the tobacco back from Virginia to Durham. This condition made desirable the opening of warehouses for the sale of leaf tobacco in Durham, and resulted in this city becoming one of the largest bright-leaf tobacco markets in the world, now selling from 28 to 30 million pounds each season.

During all this time there were no banks in the town, practically all of the banking being transacted in Raleigh, and on days of big sales at the tobacco warehouses it was necessary to obtain cash from the merchants in order to pay the farmer for his product. Such inconveniences could not long continue, and soon two banks were established.

The next step in the industrial and commercial history of the town was the bringing in of additional railway lines. By the co-operation of manufacturers, merchants, and the city and county governments, the Seaboard Air Line, the Southern Railway, and the Norfolk & Western Railway were given access to this market. Later the Norfolk Southern Railroad and the Durham & Southern Railway were added to the railway lines serving the city, giving a total of five railway companies with seven lines radiating in every direction.

The town of Durham had now grown into a very prosperous and thriving community, but its citizenship was not satisfied with having purely a commercial and industrial town. The people felt the need of better schools and, in 1885, after a heated political campaign, bonds were voted for public school buildings and a tax levied for maintaining a public school system. Today Durham has one of the finest public school plants of any city of its size, with physical property valued at more than \$3,230,000 and with a personnel of teachers and management which gives it first rating among the cities of North Carolina.

In 1892 Trinity College, now Duke University, was brought to Durham through the philanthropy of Mr. Washington Duke and General Julian S. Carr. Today Duke University has a physical plant worth \$20,000,000, 2,842 students, a 456-bed hospital, and ranks among the leading educational institutions of the nation.

As the tobacco industry grew and prospered, certain persons used some of their dividends in establishing cotton mills, and this industry soon assumed a position of importance in the industrial life of the city. Later hosiery mills were established, until today Durham ranks as the first city of the South in the manufacture of full-fashioned silk hosiery. Other industries were added from time to time, including flour mills, fertilizer plants, iron works, wood-working plants, printing establishments,

## INTRODUCTION

etc., until in 1933 there are engaged in industry 12,538 wage-earners, producing \$166,-098,702 worth of manufactured products annually. These industries pay into the Federal treasury approximately \$70,000,000 each year. Durham today produces 24 per cent of all the cigarettes made in the United States.

In 1914 a program of civic improvement was undertaken, and although it was interrupted by the World War, it has now reached the point where Durham has all the conveniences of a modern city, including complete sewerage, asphalt streets, paved sidewalks, electric power, gas, the latest dial telephone service, Western Union and Postal Telegraph service, American Telephone & Telegraph repeater station, insuring rapid long-distance telephone communication; a fine recreation program, and a system of water works with an impounding reservoir sufficient to care for the needs of a city of 100,000 people.

Any story about Durham would be incomplete without mention of the notable contribution which the Negro race has made to the industrial, commercial and civic development of the community. The progress the race has made here has been truly amazing. Under the leadership of E. R. Merrick, and later, C. C. Spaulding and

DURHAM COUNTY COURT HOUSE

their associates, Durham's colored people have established industries, insurance companies, banks and other commercial businesses which would be creditable to any city. The labor which they furnish the city's industrial plants is intelligent and dependable. The high type of leaders among the colored people here has made Durham a conspicuous outpost in the advancement of Negro civilization.

One of the finest things about the founders of Durham is that material prosperity merely opened to them avenues of service to mankind. It has been said that more philanthropists have been produced in Durham than in any other city of the South. Watts Hospital, of 210 beds, was a gift to the city and county by Mr. George W. Watts. Lincoln Hospital, of 108 beds, is largely the gift of Mr. Benjamin N. Duke. Duke University is a living memorial to Mr. Washington Duke and his two sons, Benjamin N. Duke and James Buchanan Duke. Other philanthropists have remembered the city from time to time in ways which help in making Durham a good place in which to live and work.

Durham is today the fourth city in North Carolina in point of population, having 54,000 inhabitants, and being second in industrial payrolls, and second in importance in the value of its manufactured products. It is far in the lead in its educational facilities, having an unexcelled public school system and Duke University within its corporate limits, and having within a radius of a few miles the University of North

## INTRODUCTION

VIEW OF HOPE VALLEY COUNTRY CLUB

Carolina, Wake Forest College, Meredith College, North Carolina State College, Peace Institute, St. Mary's, and the Southern Conservatory of Music.

The colored people have in Durham, in addition to excellent public schools for their race, the North Carolina College for Negroes, the only college of liberal arts for Negroes supported by taxation in the Southern States.

All these things have been accomplished by people not especially favored by nature, but who by their determination, unconquerable will, tireless effort, and by their faith in mankind and in this community, have created a city which proudly takes its position as one of the representative cities of the new South and of America.

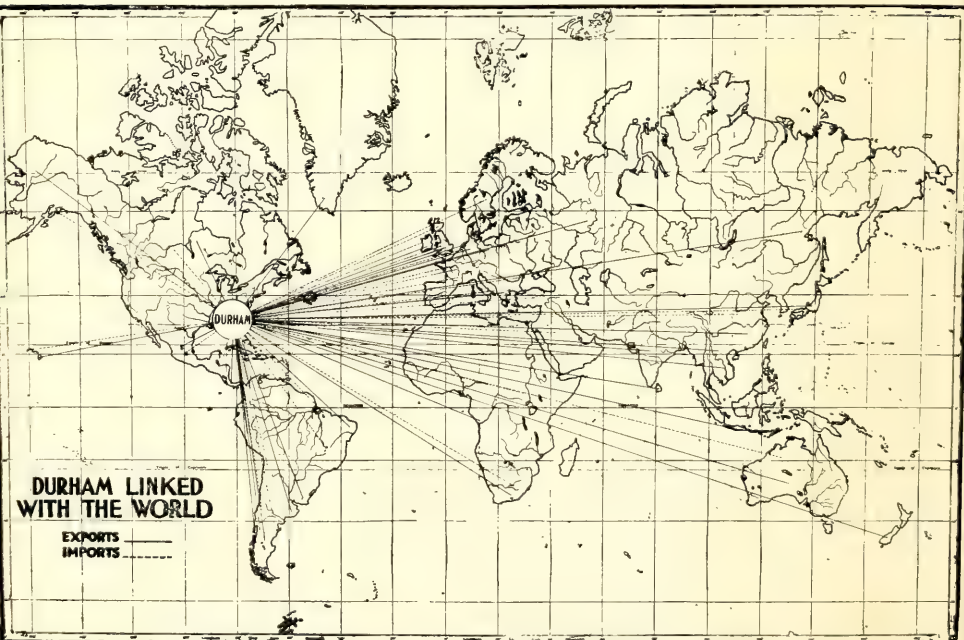

## BRIEF FACTS ABOUT DURHAM, ALPHABETICALLY ARRANGED

**Altitude:** 406 feet above sea level.

WATTS HOSPITAL

## INTRODUCTION

THE CAROLINA THEATRE

**Churches:** Seventy-seven churches, representing practically all denominations. Durham is noted for its many beautiful church edifices.

**City Incorporated:** The City of Durham was incorporated by act of the General Assembly, ratified April 10, 1869.

**Civic Organizations:** Rotary Club, Kiwanis Club, Lions Club, American Business Club, Monarch Club, Woman's Club, Durham Merchants' Association, and Durham Chamber of Commerce.

**Climate:** Equable. Annual mean summer temperature, 71.3; winter, 48.3. Sixty-two per cent sunshine days. Annual rainfall, 47.19 inches. Annual snowfall, 10 inches. Prevailing westerly winds.

**Colleges:**

## Duke University Enrollment

1925.....	1,350	1929.....	2,027
1926.....	1,538	1930.....	2,393
1927.....	1,675	1931-32.....	2,656
1928.....	1,856	1932-33.....	2,842

## University of North Carolina Enrollment

1925.....	2,650	1929.....	2,854
1926.....	2,800	1930.....	3,016
1927.....	2,826	1931-32.....	2,820
1928.....	2,731	1932-33.....	2,820

Both universities conduct summer schools, which are largely attended.

There is also located in Durham the North Carolina College for Negroes, the only college of liberal arts for colored people, supported by the State, in North Carolina. Enrollment for 1932-33, 271.

**Convention Facilities:** Hotel rooms with bath, 579; without bath, 221; total, 800. Maximum capacity of lodging accommodations, 1,374 persons; capacity in excess of ordinary requirements, 700 persons. Assembly halls, capacity, 800; ball room capacity, 500; twelve committee rooms; auditorium, seating capacity, 1,750.

**County:** Durham County was created by act of the General Assembly in 1881 from parts of Orange and Wake Counties. While Durham is not a large county, it is the center of the famous bright-leaf tobacco belt. Between 28 and 30 million pounds of tobacco are sold each year on the Durham market. Tobacco is the prin-

## INTRODUCTION

MALBOURNE HOTEL

cipal money crop, although cotton, corn and truck are also important. Dairying has increased rapidly during the past few years. The county has good roads and splendid schools and churches.

**Education:** Durham is recognized as being one of the leading educational centers of the South. Its colleges and university, its public school system, its schools of music and business school are rated among the best in the South by leading educators. (See Colleges and Schools.)

**Fire Protection:** Durham has a well-equipped fire department with four stations and paid personnel, giving Durham first-class insurance rating.

**Government:** Durham has had the council-manager form of government since May 4, 1921. It is admitted to be one of the best governed cities in the State.

**Health:** Durham has a well organized board of health, with 18 employees, charged with the supervision of health conditions in the entire county. It has been remarkably successful in its work. The white resident death rate for 1932 was only 8.6 (colored resident, 16.0) to the 1,000. The death rate for both races was 11.2. The birth rate for white was 25.0; for colored, 26.0; total, 25.3. Milk, meats, water, markets, dairies, hotels and eating places are carefully inspected.

**Hospitals:** Watts Hospital (public, white) is one of the finest hospitals in the South; value, \$1,433,482.99; 210 beds; personnel of 101 physicians, 35 staff officers and internes, and 72 nurses; endowed by Mr. George W. Watts and partly supported by contributions from city and county. Lincoln Hospital (public, colored); value, \$250,000; 108 beds; personnel of all physicians in Durham who are in good standing, and 29 nurses; partly supported by contributions from city and county. McPherson Hospital (private—eye, ear, nose and throat); value, \$103,000; 26 beds and personnel of 3 physicians, 4 nurses and 3 office girls. Duke Hospital, with 456 beds, representing an investment of more than \$3,000,000, is said to be the most modern and best-equipped hospital in the world. It was opened on July 21, 1930. During 1932 the Duke Hospital Nurses' Home was completed at a cost of over \$300,000.

**Hotels:** Durham is unusually well provided with hotel facilities. The Washington Duke is one of the finest hotels in the South, having been constructed at a cost of more than \$1,750,000. It has 300 bedrooms, all with bath. The Malbourne Hotel—200-room capacity—is a fireproof hotel and newly furnished throughout. Other

VIEW OF CORCORAN STREET, LOOKING SOUTH

hotels are the Lochmoor, Central, Piedmont, Sedgeley and the Biltmore and Jones Hotels for colored people. Hotel rates, \$1.00 to \$5.00 per day; European plan.

**Industries:** Durham is the second largest industrial center in North Carolina, its output of manufactured products being valued at \$166,098,702 annually (U. S. Census of Manufactures, 1932). It has large tobacco industries, manufacturing such well-known brands as Duke's Mixture, Bull Durham smoking tobacco, and a great many brands of cigarettes, including the famous Chesterfield and Lucky Strike, and fifteen brands of Turkish cigarettes. It is the home of the Durham Hosiery Mills (manufacturers of Durable Durham hosiery), and the Golden Belt Manufacturing Company (manufacturers of small bags and hosiery). There are also manufactured in Durham Erwin and White Star sheetings and pillow cases, Glasgow Zephyr gingham, chambrays and cheviots, Virginia-Carolina fertilizers, Oconeechee, Peerless and Climax flours, silk shirtings and sport goods, novelty fabrics, blank books, castings and iron products, cigars, harness, bread, ice, mattresses, brick, overalls, building materials and proprietary medicines. Due to proximity to source of raw materials, cheap electric power and its transportation facilities, Durham offers unexcelled opportunities for the location of industries.

**Location:** Durham is situated in the geographical center of North Carolina, a few miles north of the center of population of the State. Its terrain is slightly rolling and well drained.

**Payrolls:** The payrolls of Durham exceed \$12,000,000 annually.

**Population:**

**Recreation:** Community recreation, under supervision of the Playground and Recreation Commission, supported by public taxation. Two parks, containing swimming pools, tennis courts, etc., and several large playgrounds, maintained by industrial plants for the use of employees. Two eighteen-hole golf courses; magnificent new country club; tennis and gun club; college football, baseball, basketball, track, boxing and wrestling. The schedules of Duke University and the University of North Carolina offer Durham citizens the opportunity of seeing some of the best college teams of the East and South in action. Both these universities have magnificent stadiums, that of the University of North Carolina seating 24,000, while the stadium of Duke University has a seating capacity of 40,000. Durham also has a professional team in the Piedmont League, with a baseball park and grounds valued at \$150,000.

**Schools:** The public school system of Durham is nationally-known for its equipment, high scholastic standards and progressive policies. In addition, the Durham School of Music and the Southern Conservatory of Music rank among the leaders in their field. The Durham College of Commerce is a fully accredited class "A" institution.

## City Schools Enrollment

1928.....	10,256
1929.....	10,897
1930.....	11,088

Number of schools: White, 12; colored, 8. Number of teachers, 334. Value of school plant, \$3,230,000.

## INTRODUCTION

DUKE UNIVERSITY STADIUM, SEATING CAPACITY, 40,000

**Social Agencies:** Young Men's Christian Association, Young Women's Christian Association, Salvation Army, Red Cross, King's Daughters, Board of Charities and Public Welfare, Wright Refuge for Children and Charity League.

**Streets:** Durham is today one of the best paved cities in the State. The white-way lighting system in the business district is admitted to be one of the best in the South.

**Theatres:** Four motion picture theatres for white, and two for colored. Total seating capacity, 3,286.

**Taxes and Valuation:** In 1933 the city of Durham had an assessed valuation of \$63,000,000, with a city tax rate of \$1.64 on the \$100. Property assessed on 75 per cent of true value. The county of Durham had an assessed valuation of \$96,106,638 and a county tax rate of 85 cents. Property assessed on 75 per cent of true value. No property tax is levied by the State.

**Transportation:** Durham has five lines of railroad, radiating in seven directions. It has two lines of Southern Railway, the Seaboard Air Line Railway, the Norfolk & Western Railway, the Durham & Southern Railway, and the Norfolk Southern Railroad. These railroads afford unusually good freight facilities. Durham is on the National Highway and the Central Highway, the principal routes between the North and South and between the East and West. Excellent bus service is maintained between Durham and Raleigh, Henderson, Oxford, Roxboro, Greensboro, Chapel Hill, Pittsboro, Siler City and Danville, Va.

**Water:** Durham has an ample supply of pure water. An impounding reservoir completed in 1926 stores 4,600,000,000 gallons, which, if used for no other purpose, would, at the present rate of consumption, supply the demand for a period of three years. There is no longer any danger of a water shortage. The water is excellent for domestic uses and is soft and free from iron, making it very desirable for industrial purposes.

**You Can Quickly  
Find the Answer in the  
City Directory**

# CITY DIRECTORY USES

## 1. SALES PROMOTION:

### a. Sales Analysis—

Comparing present amount of business obtained in a given area with possible maximum business in that area. The Householders' Directory shows the classes of business located on a street, in office buildings, in sections of the city, etc. In checking up salesmen's calls on business in an assigned territory the directory presents a picture of how many places have not been reported upon, and shows a ready list of prospects for your goods or service.

### b. Leads—

Determining proper official to approach for sales interview. The alphabetical listing for each business and professional concern, shows the names of the owners, partners or officers.

### c. Selected districts—

Determining parts of city best suited for increasing business. The Householders' Street Directory shows the exact type of business or residences along each street of the city—and shows if the occupant of the home is the owner.

### d. Building mailing lists and direct mail campaigns—

1. **List of local people (Neighborhood List)** within a given radius of Business location. On a city map, draw a circle to include the territory you wish to cover in your neighborhood list. From the map you can obtain the name of each street with intersections in the circle you have drawn. In the Householders' Street Directory you will find the correct name of the occupant at each house, or building on these streets. This will give you a 100% list of the territory desired.
2. **Lists of business houses and the professions**—The business directory at the end of the book classifies every business and profession according to the nature of the business. Complete lists such as doctors, lawyers, printers, garages, auto dealers, furniture stores, contractors, etc., can be found in this classified directory section.
3. **Vocational Lists**—Such as clerks, stenographers, telephone operators, carpenters, salesmen, purchasing agents, laborers, etc. The alphabetical directory shows the occupation of every individual in the city.

Run over the alphabetical pages—check marking the persons whose occupation is the one wanted for your list. This will give you a complete and accurate list for the entire city.

## 2. CREDIT:

### a. Verifying customer's statements and information.

### b. Information about customer.

Correct name, address, where employed and wife's name is given in the alphabetical directory for every individual. Whether he rents or owns home is usually shown in the Householders' Directory.

### c. Determining character and stability of applicant for credit.

This directory gives his present occupation and residence. By referring to each yearly edition of the directory for the past few years, it is quickly determined whether the applicant holds the same job and residence, or flits from one job to another and one residence to another. After the new directory is delivered to you keep the old one on file. Never destroy it. You'll find old ones invaluable in checking your past records.

# FOR EVERY BUSINESS

## d. Identifying applicant and applicant's references.

The alphabetical directory gives complete information for each individual. (See Information about customer.) The references given by the applicant for credit can be identified in the same manner—who they are, what position they hold, etc.

## e. Collecting accounts.

Tracing and locating debtor. Locating other members of debtor's family or relatives.

## 3. DELIVERY AND SHIPPING:

### a. Routing—laying out route for delivery.

Use description of streets in the Householders' Street Directory, with an indexed map of the city for locating and laying out delivery route.

### b. Obtaining correct addresses.

Where numbers on shipping instructions are not plain, or only street is given, the correct number can be found in the alphabetical or Householders' Street Directory.

### c. Locating streets, buildings, un-numbered houses.

A full description of every street—with location is given in the Householders' Street Directory. When the address given is an apartment or building without street and number being given, the alphabetical section will give you the correct street and number for that building. Many buildings on streets are not numbered—or badly numbered—making it difficult to find the building wanted. The Householders' Street Directory shows the location of the buildings along the streets.

## 4. PURCHASING:

The complete **classified business section** in the back of this directory makes available all sources of goods wanted; assists in selection of most reliable and satisfactory firms to deal with; the nearest companies to facilitate delivery of purchases, and determining the proper official or firm to deal with. The standard classified headings are complete and show all firms under the proper headings. There are many special headings marked with an asterisk (\*) showing firms in display type. These firms are progressive and desire a more complete classified representation of their products.

## 5. GENERAL INFORMATION:

**The Alphabetical Directory lists**—Persons' full name and correct spelling, occupation, where employed, street address of residence, if married gives wife's name, head of house or roomer, renting or owns home. Lists all corporations showing officers, all partnerships showing partners, all individual business showing proprietor. All public officers, clubs, associations, etc.

**The Householders' Street Directory** shows every street—a description of its location, all occupants on each street, the ownership of the property and all intersecting cross streets.

**The Classified Business Directory** shows all business in the city arranged under heading most descriptive of the nature of the business.

## Durham Directory of Householders

Occupants of Office Buildings and  
Other Business Places,

INCLUDING A COMPLETE

## Street and Avenue Guide 1933

Copyright, 1933, by Hill Directory Co., Inc.

The named streets are arranged in alphabetical order, followed by numbered streets in numerical order.

Intersecting streets are shown at the actual numbers where they intersect on each of the streets.

House numbers are compiled in numerical order, both sides of street, embracing odd and even numbers, included in one list representative of the entire street.

Following the street numbers are shown the names of the resident occupant or business concern. Places of business are indicated by the nature of the business being stated after the names.

(c) Denotes colored.

# City Directory

## Don'ts

**DON'T** put your Directory in an out-of-the-way place, but keep it where your customers can see and use it without stopping some one to find it.

---

**DON'T** think that a Directory is paying for itself unless you use it, any more than an idle clerk can make you money.

---

**DON'T** look mad when a customer asks to look at your Directory.

---

**DON'T** look happy when a neighbor wants to borrow your Directory, for if you do, he will borrow it again, and if all were borrowers, when would the next Directory be published?

---

**DON'T** forget that an up-to-date city must have a Directory; and a merchant that has no Directory is what?

---

**DON'T** forget that a Directory borrower to-day will forget to return it to-morrow and you will call him what?

---

**DON'T** forget that the man who has a Directory pays for it and the borrower gets for nothing what another man pays for. What do you call him?

**Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?**

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

*"Fly-by-night," "fire-sale"* and other temporary or *"get-rich-quick"* concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising is profitable. In connection with the classified business headings it is doubly effective.

*May we explain how and why it will pay you?*

**The Publishers of this Directory**

# This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a

business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.
